

How to Draw a Fish

6 steps

Ages 6-8

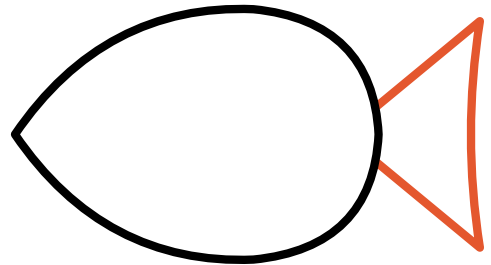

Follow the numbers · new lines in each step are orange

1

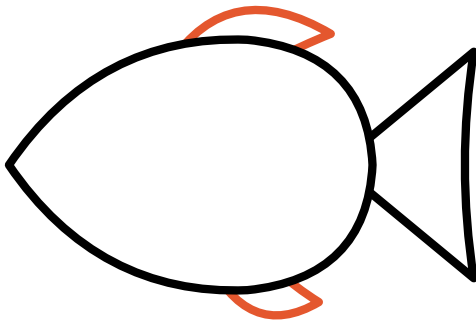

Draw an egg shape for the body, pointy end to the left.

2

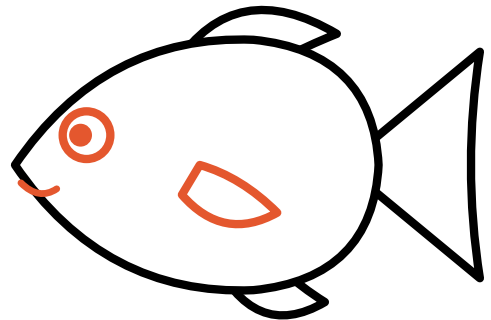

Add a big triangle tail at the back.

3

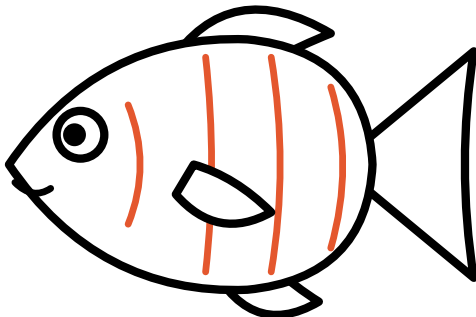

Draw a fin on top and one underneath.

4

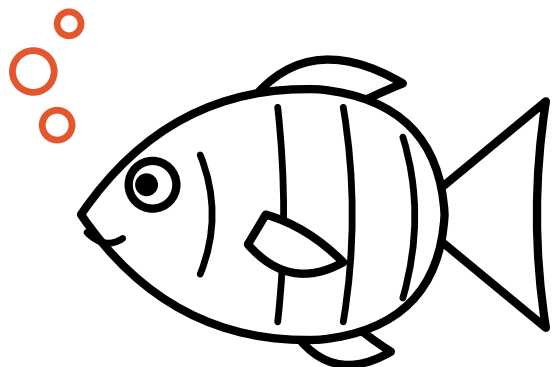

Add a side fin, a round eye with a pupil, and a smiling mouth.

5

Draw a gill line and three curvy stripes.

6

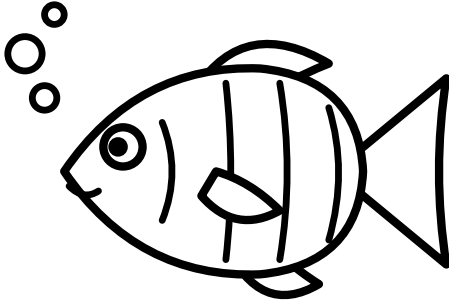

Finish with little bubbles in front of the mouth.
