

How to Draw a Shark

7 steps

Ages 6-8

Follow the numbers · new lines are orange · rub out the dashed gray lines

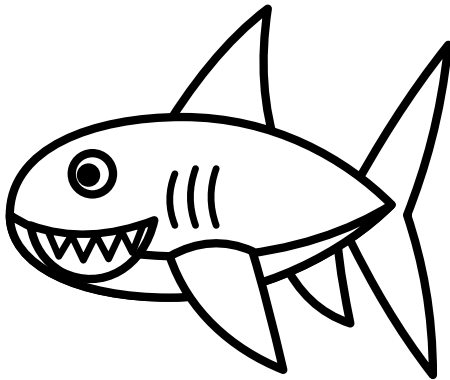

How to Draw a Shark

Practice

Ages 6-8

Practice page · look at the finished drawing, then draw your own

1. Draw a long, rounded body.
2. Add a crescent tail like a big moon shape.
3. Draw a big triangle fin on the back.
4. Add a side fin and a small belly fin.
5. Draw one big round eye with a dark pupil.
6. Add a smiling mouth with pointy teeth.
7. Finish with three curved gill lines.
