

How to Draw a Whale

6 steps

Ages 6-8

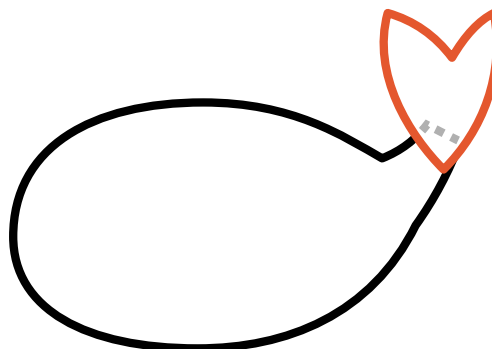

Follow the numbers · new lines are orange · rub out the dashed gray lines

1

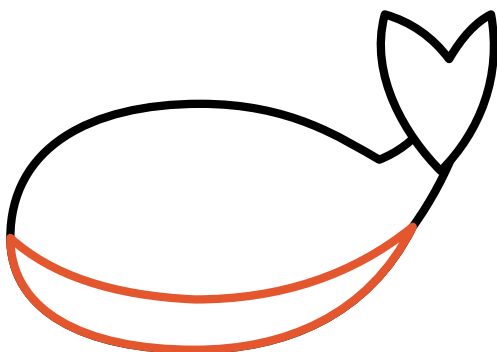

Draw a big round body that gets thin at the back.

2

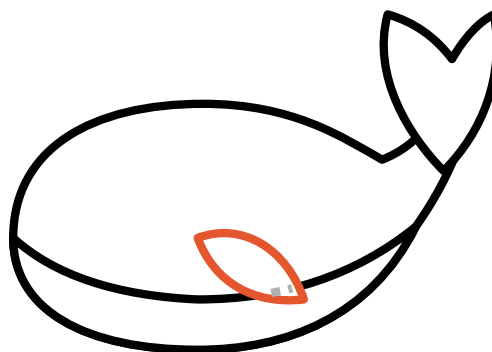

Add a flat tail with two pointy sides.

3

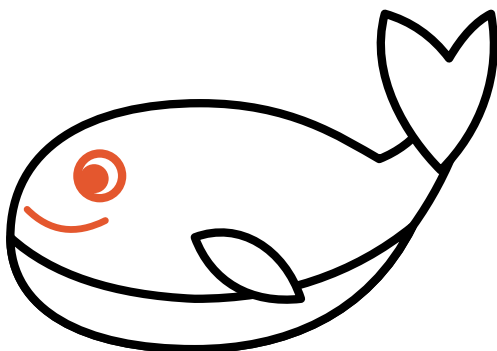

Draw a curvy line for the white belly.

4

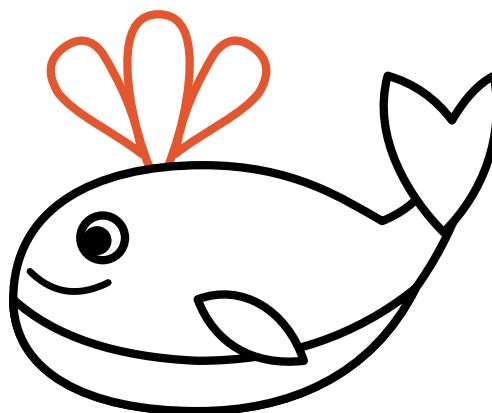

Add a small flipper on the side.

5

Give your whale an eye and a happy smile.

6

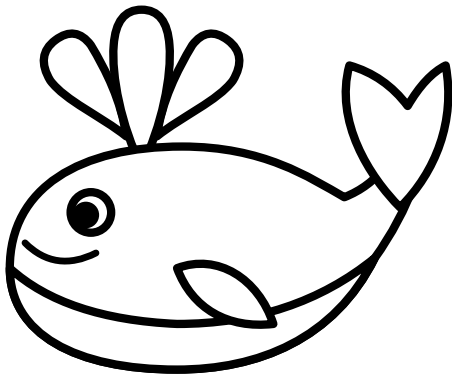

Draw three water drops spouting from the top.

How to Draw a Whale

Practice

Ages 6-8

Practice page · look at the finished drawing, then draw your own

1. Draw a big round body that gets thin at the back.
2. Add a flat tail with two pointy sides.
3. Draw a curvy line for the white belly.
4. Add a small flipper on the side.
5. Give your whale an eye and a happy smile.
6. Draw three water drops spouting from the top.
